A Message from the Christopher Dailey Foundation

Thank you for visiting our site and if you're registering for our virtual event this year, THANK YOU.

We want to express our appreciation for this year's support from you, wherever you are! We of course had to go virtual in 2020 since our event normally draws 3,500 participants onto Broadway in Saratoga Springs, NY. This is our marquee event and so the proceeds are very important to our mission;

"Serving the Saratoga Community by providing resources that support our youth, the Christopher Dailey Foundation fulfills its mission through sponsorships and donations to youth organizations, especially those serving children with economic risks and those with physical challenges".

The need this year is greater than other years and we aim to donate as much to our constituents as we possibly can. Our giving in calendar year 2019 was over \$116,000, the most ever. This event helps us to maintain our giving levels. Our thank you to you this year is with the greatest sincerity!

On behalf of our son Christopher, our family and the Board of Directors of the CDF, we hope you have a great Thanksgiving and an equally great holiday season.

Regards,

Mark & Maria
